Steve – I have an urgent request for some information on the Exide facility in Vernon. Attached is an issue paper prepared by HQ. There's a high level management briefing tomorrow at OLEM regarding Exide and California's potential request to add the site to the NPL.

Would you or your staff be able to review the issue paper by **COB today** and fill in some blanks (yellow highlights in the attached word doc)? I know the spelling of Exide (Excide) is incorrect. Apologies for the very short notice, I was only made aware of this a few hours ago. If you have any questions, please contact me or Eugenia.
